The Indian Water Works Association (IWWA) was established in 1968 and registered in India (under the Societies Registration Act) with its headquarter in Mumbai at the address given above. It has a large membership spread throughout the country, connected through a network of 34 centres at Ahmedabad, Akola, Amrawati, Aurangabad Bangalore, Bhopal, Chennai, Coimbatore, Deharadun, Delhi, Goa, Guwahati, Gwalior, Hamirpur, Hyderabad, Indore, Jabalpur, Jaipur, Jalandhar, Jodhpur, Kerala, Kolkata, Lucknow, Madurai, Mumbai, Mysore, Nagpur, Odisha, Patna, Pune, Raipur, Ranchi, Srinagar, Vadodara.

ACTIVITIES

□ Publication of a Quarterly Journal :

The Journal of Indian Water Works Association, the only of its kind in the country, is a widely read magazine and carries articles of high technical value contributed by experts in the field of Water and Waste-water Engineering and Management. Its other features cover Notes & News (Indian and overseas), Reviews of publications, Latest product Information, etc.

□ Publication of a News letter : (Midstream)

It covers the activities carried out and planned by the H.Q. and different Centres of IWWA and News in this field.

□ Publication of Manuals :

IWWA publishes manuals on subjects of practical interest to professional Water & Waste-water engineers, managers & consultants.

□ Holding of National Conventions :

These are organised annually in the month of January / February in important cities in our country. The Conventions attract a large assembly of delegates from all over the country for a fraternal get-together and exchange of views, apart from discussions on the high quality technical papers presented on the declared theme of Convention. Experts from overseas are also invited to participate in and address the Convention. As a part of the Convention, technical visits are also arranged to important installations nearby and exhibitions of latest technologies, plant and equipment connected with water and waste-water works.

□ The Association also conducts :

- Refresher courses, workshops on specific topics for its members & other working in the water & waste water sector.
- International Conferences, Special Conferences, Seminars and Symposia in association with local and International Organizations and Agencies and also under the aegis of Global Water Partnership, International Water Association, American Water Works Association and the Association of South Central and West Asian Countries (ASCEW).

- Lecture meetings, site visits, film shows etc. in which members attached to different centres participate locally.

□ Other features of the Association are :

- It has close relations with the Global Water Partnership, International Water Association, American Water Works Association, Japan Water Works Association and actively participate in their programmes in different parts of the world.
- It assists Bureau of Indian Standards in preparing standards for various items connected with water supply and wastewater engineering and technology.
- Membership of the Association is available to :
 - Water, waste-water and irrigation engineers and person holding a Degree or Diploma in any discipline connected with water/waste-water system and working with design, construction, operation and maintenance of water and sewerage works - e.g. dams, reservoirs, headworks, canals, wells, water & waste water treatment plants & waste water disposal works.
 - Environmentalists Chemists, Bacteriologists, Biologists, Geologists, Economists and Administrators working in organisations for water supply, irrigation and sewerage works.
 - Teaching Staff members of Engineering and Science Colleges and those of Research Institutions connected with the subjects of water supply, irrigation, waste-water and hydraulic engineering.
 - Engineers working with manufacturers and suppliers of equipment and instruments used in water and sewerage works, e.g. pumps, pipes, valves, meters and accessories, plumbing fixtures, electronic gadgets for measurements of flow of water and its quality characteristics.
 - Sanitary engineers practising in domestic and industrial plumbing.
 - Students of Science and Engineering colleges can become Student member.
- Organizations- Any organization, Govt./ Private connected with water & waste-water sector in terms of design, planning, construction, operation, maintenance, finance, administration and management of water supply, irrigation, hydro-electricity and sewerage systems and other related activities.
- Companies manufacturing and supplying materials and equipment to be used in water supply and waste water services.
- Utility Membership :
 - Utility Membership is available to Municipal Corporations, Nagar Palika/ Panchayat, Janpad/ Zilla Parishad, Water Supply & Sewerage Board/ Corporation etc.

EIGHT GOOD REASONS

As to why should you become and continue to remain an "Organisation Member" of the Indian Water Works Association :

1. Your company will have the opportunity to be with a family of professionals, well-versed in the field of water and waste-water sector. This can help you in furthering your personal prospects and career in this field. IWWA is the largest professional Voluntary Organization of its kind in South and Central Asia.

2. Your company can also depute two representatives to attend several technical lecture meetings and participate in other programmes, such as film shows, construction site visits etc. arranged by the local center to which your company is attached and update your information and knowledge in its chosen field.

3. Your company will receive (free of cost) the quarterly issues of the Journal of IWWA, till the time the Association decide to provide soft copy or to make it available on website to all its members, which contain articles of current interest and those of lasting value written by experts in this field and which will guide you in various aspects of your profession. You can also contribute articles of interest to other fellow members and see your written words in print.

4. The Journal of IWWA carries many interesting items, such as the local and the foreign news, book reviews, short communications on assorted topics, synopsis of articles of allied interest published in other journals,

synopsis of dissertations of postgraduate students in the field of environment sciences and technology. These items will keep you informed of the latest developments in your chosen field.

5. Your company will receive (free of cost) and informative Newsletter 'MIDSTREAM' of IWWA.

6. Your company will get useful publications of IWWA at concessional rates, which can guide you in your day-to-day work. You will have free access to IWWA library, stocked with a large number of publications on water and waste water related subjects.

7. You can attend Seminars, Symposia, Workshops and Exhibitions organized by the Centres of IWWA as well as Annual Conventions of the Association, and meet various professionals / experts from India and abroad. This will help in improvement of your career in the field of water and waste-water engineering and technology.

8. Membership subscription is also quite low as compared to the benefits available and is given in the following table:

Type of Membership	Admission Fee	One time Subscription
Organization Member/ Utility Member	Rs. 2000	Rs. 15000
GST 18% Extra on total amount		

ADVERTISEMENT RATES WITH EFFECT FROM 26/09/2009

	Indian (Rs.) for Black & White & Colour	Overseas for Black & White (US \$)	Actual print Area (in cms.)
